Description

This modern apartment blends contemporary design with practical comfort, offering a balanced living environment shaped by natural light and well-proportioned interiors. The efficient layout supports both relaxation and everyday functionality, creating a refined residential experience.

Situated in one of Bucharest's the most sought after residential areas

Inside, premium finishes and durable materials define the space, complemented by underfloor heating and a climate control system designed for year-round comfort. The living area feels open and welcoming, while the three bedrooms provide versatile spaces suited for family living, working from home, or hosting guests. Two bathrooms and a well-organized kitchen complete the functional layout.

The building benefits from a low-rise concept with a limited number of residences, ensuring a sense of privacy and exclusivity. Underground parking and generous outdoor areas such as terraces or private exterior spaces enhance the lifestyle experience.

The surrounding area offers easy access to international schools, restaurants, green spaces, and key northern routes of the city, making it ideal for those seeking tranquility without losing connectivity.

Discover a well-balanced home designed around comfort and lifestyle.
