Description

A contemporary apartment designed for balanced living, where natural light, refined finishes and an efficient layout shape a comfortable and modern atmosphere. The property offers generous interior spaces, ideal for those who value functionality combined with a calm residential environment.

Situated in one of Bucharest's the most sought after residential areas

Inside, the layout includes a bright living area, an equipped kitchen and three well-proportioned bedrooms. Underfloor heating, air conditioning and premium windows ensure thermal comfort throughout the year, while the two bathrooms and balcony enhance everyday practicality.

Completed recently, the building benefits from elevator access, underground parking and durable construction materials. The residential concept focuses on a limited number of units and a refined architectural approach, creating a private and harmonious setting.

More than half of the land is dedicated to landscaped green areas, private gardens and shared outdoor spaces that encourage relaxation and a strong sense of community. The peaceful atmosphere makes this apartment suitable for families or professionals seeking a modern lifestyle.

The location allows easy access to key destinations in the northern part of the city while maintaining a discreet and comfortable residential feel.

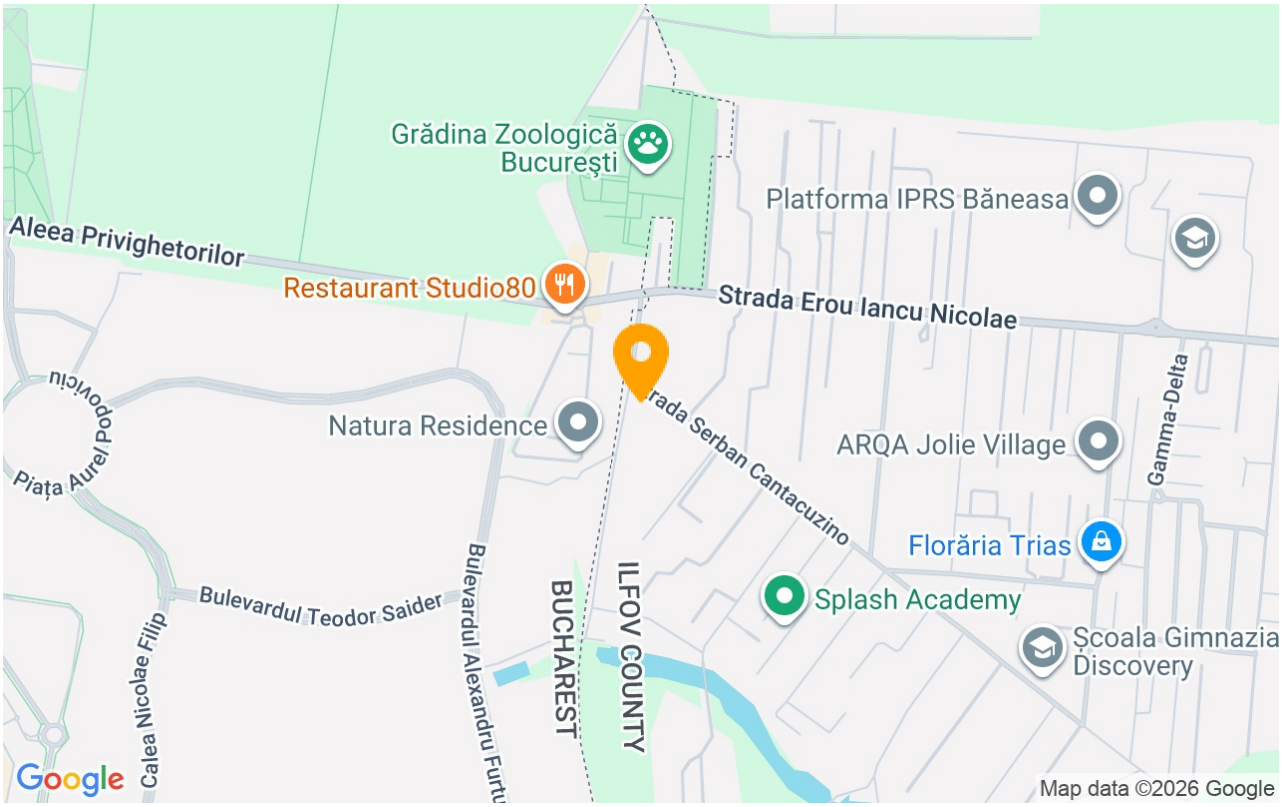

Contact BLISS Imobiliare to explore this property and discover if it matches your lifestyle expectations.
