### Description

A detached villa built in 2012, ground floor plus first floor plus convertible attic, located in central Otopeni — one of Ilfov County's fastest-growing cities, attracting families and businesses relocating from Bucharest in search of space, quality of life and long-term value. This property offers a complete and well-structured living environment across two fully functional levels, with significant additional potential above.

## Central Otopeni — fast access to Bucharest, airport and future metro

### **Location — Otopeni's growth story**

Otopeni is undergoing a period of significant transformation. An increasing number of families and businesses are relocating here from Bucharest, drawn by more space, better air quality and a residential environment that continues to mature rapidly. Central Otopeni offers direct access to the DN1 national road, Henri Coandă International Airport and a growing network of schools, kindergartens, retail and services. The planned metro connection between the airport and central Bucharest will further strengthen Otopeni's strategic position — making it a compelling long-term value proposition for property buyers.

FAQ

### **What are the confirmed surface areas of this property?**

The usable living area is 208 sqm across ground floor and first floor, confirmed by cadastral survey documents. The total built area is 303 sqm and includes the 71 sqm double garage. The plot measures 690 sqm per the cadastral site plan. The attic offers an estimated additional 100 sqm of convertible space.

### **What spaces are on each floor?**

The ground floor includes: living room (24 sqm), office (12.55 sqm), dining area (15.68 sqm), kitchen (13.34 sqm), summer kitchen (14.76 sqm), bathroom, separate WC, hallway and entrance vestibule. The first floor contains three bedrooms (16 to 18.22 sqm each), two bathrooms, two dressing rooms, a hallway and a loggia.

**Does the villa include a garage and parking?**

Yes. The property includes a 71 sqm double indoor garage accommodating 2 cars, plus 3 additional outdoor parking spaces within the private plot.

**Can the attic be converted into liveable space?**

Yes. The attic offers an estimated 100 sqm of developable space. Conversion into habitable area is possible subject to obtaining the relevant building permit, which would bring the total usable area of the property to over 300 sqm.

**Is the villa suitable for professional or business use?**

Yes. The ground floor features a dedicated 12.55 sqm office, two kitchens and an independent entrance, supporting full or partial professional use — company headquarters, consultancy office, medical practice or private educational facility — without affecting the residential first floor.
