Location & Lifestyle

Pipera is one of the most dynamic residential areas in northern Bucharest, with a varied mix of modern apartment complexes, villas and houses. The community is international and built around the schools, bringing together expat families, professionals working for multinational companies and residents who choose the area for its standard of living and for having school, shopping, healthcare and the office in the same part of the city.

American International School of Bucharest, Olga Gudynn International School, Questfield International College and Hermann Oberth International German School are in the direct vicinity. For families and for those relocating to Bucharest, this means IB, Cambridge, bilingual and German-language programmes close to home.

Pipera Plaza, a few hundred metres away, covers everyday shopping, from the supermarket to homeware, sports and pharmacy needs. The area has access to leading private medical facilities in the north of the city, and Pădurea Băneasa remains the reference green space for walking, running and cycling.

For those working in the Barbu Văcărescu – Floreasca office hub, including Dimitrie Pompeiu, the commute is short. Henri Coandă International Airport is typically reached in about 15–25 minutes by car from the Pipera area, depending on traffic, a real advantage for frequent travellers. The area is car-oriented and traffic toward the city centre is heavy at rush hour; the advantage is that most daily needs are met locally.

Pipera ranks among the strongest-growing areas in northern Bucharest, supported by its international schools, amenities and limited land supply, and is seen as an alternative to the Herăstrău and Primăverii areas.

At BLISS Imobiliare, we ensure a seamless experience through professionalism and market expertise. Trust BLISS Imobiliare to guide you to the perfect property with clarity and care.
