Description

This elegant 3-bedroom apartment stands out through its generous proportions, practical layout and carefully selected natural materials. Positioned on the first floor of a boutique building containing only 11 apartments, completed in 2005, the property provides 183.77 sqm of usable space and a total built area of 211.52 sqm.

Enclosed Terrace, Underground Parking and Modern Facilities

The living area is centred around an impressive 47.45 sqm lounge, complemented by a separate dining space that can be enclosed and converted into an additional bedroom or home office. The layout also includes three well-proportioned rooms, an enclosed 8.52 sqm kitchen, two bathrooms with windows and three practical hallways.

The interiors feature ceiling heights of approximately 3 metres, custom-made solid wood furniture, solid wood flooring, wooden windows and interior doors. The apartment is partially furnished and includes a fitted kitchen, air conditioning, radiator heating and an individual heating system.

One of the property's defining features is the enclosed 70.93 sqm terrace, positioned on a privately owned 78.46 sqm plot. Filled with natural light, the terrace significantly expands the living environment and can accommodate relaxation areas, family activities or an additional dining space.

The boutique building provides a lift, intercom, video surveillance and individually metered utilities. The property has an A energy rating and includes one underground parking space.

Its position in the Domenii – Arcul de Triumf – Alexandru Constantinescu area offers convenient access to services, green spaces, restaurants, educational institutions and key destinations across northern Bucharest.
