Description

Discover a modern furnished villa with four bedrooms and a total usable area of 178.5 sqm, designed for comfortable and well-organised family living. The property combines a generous living area with functional interiors, providing ample space for everyday activities, privacy and working from home.

Private Garden and Attic Accessed Through an Electric Hatch

The layout is efficiently arranged across multiple levels. The daytime area includes a spacious living room and a separate, fully equipped kitchen, complemented by circulation areas, storage spaces and bathrooms. The former garage has been converted and incorporated into the living area, contributing to the current four-bedroom configuration.

The villa features three bathrooms, an individual heating system, air conditioning and furnished interiors. The attic will be accessed through an electrically operated hatch, providing additional space for storage or organisation according to the future occupants' needs.

The private garden, terrace and balcony extend the living areas and offer suitable spaces for relaxation, outdoor activities and time spent with family.

Located within Oxford Gardens in the Iancu Nicolae-Pipera area, the property provides convenient access to international schools, restaurants, services, shopping centres and the main points of interest in northern Bucharest.

Contact the BLISS Imobiliare team for further information and to arrange a viewing.
