Description

Located within walking distance of Piața Domenii, this detached house combines the warmth of natural materials with practical family living and convenient access to key destinations across Bucharest.

136 Sqm Home with Private Garden and Cellar

Arranged over the ground floor and attic level, the property offers 136 sqm of usable space on a 200 sqm plot. Its layout includes three bedrooms, generous living areas, an equipped kitchen and three bathrooms, providing flexibility for family life, working from home and everyday activities.

The classically finished interior features well-maintained solid wood flooring, oak interior doors and oak-framed double-glazed windows with shutters. Two solid oak staircases provide access to the attic, while extensive built-in storage areas support an organised and comfortable lifestyle.

A 9.3 sqm cellar can be accessed directly from inside the house and provides additional space for storage or other practical uses. Two separate entrance doors offer convenient access through the main entrance and towards the rear section of the garden.

The brick-built and structurally consolidated property features a metal roof, city-supplied heating, air conditioning, complete utilities, a balcony, private garden and outdoor parking space. The house is semi-furnished and can also be explored through a 3D virtual tour.

Domenii is known for its quiet residential streets, mature greenery and convenient connections to the metro, schools, public transport and the main business and leisure destinations in northern Bucharest. The location supports a comfortable urban lifestyle without giving up privacy and outdoor space.
