Description

A home arranged around family life

A Tunari home close to international schools and Tunari's central park

Located in Tunari, this semi-detached house combines a landscaped private garden with three bedrooms and flexible rooms for working from home or accommodating guests. The property provides 112.59 sqm of usable floor area and an estimated built area of 123.85 sqm. The 250 sqm plot includes a building footprint of 76 sqm and a 174 sqm garden.

Built in 2014 and arranged over a ground floor, first floor and attic, the house was subsequently reconfigured and fitted out with an architect's input. Its furnished interior, four bathrooms and storage areas support everyday family routines, while the library can accommodate changing needs.

Layout and interior spaces

The ground floor comprises the living room, a separate fully furnished and equipped kitchen, a shower room and a utility room/pantry. Bauformat kitchen cabinetry and a dishwasher complement a cooking area kept separate from the main living space.

The first floor includes the main bedroom with an en-suite bathroom, a child's bedroom, a separate room fitted as a walk-in wardrobe and an additional bathroom with a bathtub.

The attic accommodates the third bedroom, featuring two Velux windows, air conditioning, wardrobe space and a desk area. This level also includes the library, which can be adapted as another bedroom, a guest room or a home office, together with a shower room.

Finishes and everyday comfort

Originally fitted out for the owners' personal use, the house features Boen engineered wood flooring, Marazzi ceramic finishes, Grohe bathroom fittings, Ideal Lux lighting and custom-made furniture.

A new individual central heating boiler, air conditioning in several areas and electric shutters operated by remote control or phone support everyday comfort. Exterior works completed in 2025 covered the façade, thermal insulation and architectural lighting.

A private garden for outdoor living

The 174 sqm garden extends the living space outdoors. Mature planting, Leyland cypress screening, birch trees and fruit trees provide greenery and privacy. Automatic irrigation and app-controlled ambient lighting complement the landscaping.

The outdoor kitchen includes a barbecue, electric hob, sink and preparation surfaces. An outdoor fireplace, seating area and dining furniture for eight create space for meals and time together with family and friends.

The property also includes a trampoline, a dog enclosure and a shed with storage for bicycles and outdoor furniture. Three outdoor parking spaces complete the practical facilities.

Tunari and the family routine

The location provides access to international schools in northern Bucharest. According to the property information, American International School of Bucharest and Verita International School – Amber Forest are approximately seven minutes away by car, while Mark Twain International School is around seven to eight minutes away. British School of Bucharest and Cambridge School of Bucharest are also accessible. Journey times are approximate and depend on traffic.

Tunari's central park is approximately a five-minute walk away, providing a nearby option for walks and activities with children. Local shops and services support daily errands, while Băneasa Shopping City and Băneasa Forest are accessible by car. The property's street has recently been paved and provided with pavements.
