Location & Lifestyle

The building is located in Pipera, between American International School of Bucharest and British School of Bucharest. American International School of Bucharest offers American-style education with an international perspective, from preschool to grade 12, including the IB Diploma Programme. British School of Bucharest follows the full British curriculum, from Early Years to A-Levels. For families with children, school and home come together in the same area.

Pipera is part of the residential corridor in northern Bucharest, shaped around the international schools and preferred by expat families and by Romanian families who put education first. The community is international and multilingual, and low-rise buildings such as this ground-plus-two building keep a quiet, family-oriented residential character. Pădurea Băneasa, in the north of the city, is the reference green space for walking, running and time outdoors.

Daily life is organised in the same part of the city: shopping, private healthcare, sports and school. The Pipera office district is a short drive away, and Henri Coandă International Airport is typically reached in about 15–25 minutes by car, depending on traffic. The area is car-oriented, and the two parking spaces answer that need directly.

Demand for premium homes in northern Bucharest is supported by the international schools, the amenities and the limited supply of land, giving Pipera a solid residential trajectory.

At BLISS Imobiliare, we ensure a seamless experience through professionalism and market expertise. Trust BLISS Imobiliare to guide you to the perfect property with clarity and care.
