Description

This property enjoys a prime location in a low-density area, offering privacy, fresh air, and direct access to some of the most prestigious international schools and kindergartens in Romania. It's an ideal choice for families or professionals looking for comfort, green surroundings, and urban convenience.

Located In One Of Bucharest's Most Desired Residential Areas

Generous layout and well-balanced space:

The apartment is part of a low-rise residential complex built on a plot of nearly 14,000 sqm, of which only 5,000 sqm are occupied by buildings. The rest of the land is dedicated to landscaped gardens, inner courtyards, and green areas, including a dedicated children's playground.

The interior offers a bright living room, two bedrooms, a separate or open-plan kitchen (depending on unit configuration), modern bathrooms, and well-planned storage spaces. The layout is designed for both functionality and comfort.

Premium location with green space and family-friendly facilities:

The surrounding environment is dominated by nature and tranquility, thanks to its proximity to Băneasa Forest. At the same time, major commercial centers like Jolie Ville, Băneasa Shopping City, Ikea, and Metro are just minutes away, offering easy access to shopping, services, and leisure.

Excellent connectivity and nearby infrastructure:

Located just 100 meters from Jolie Ville and a few minutes from key roads in northern Bucharest, the property offers excellent accessibility. The area is served by supermarkets, medical centers, top restaurants, and sports facilities, all in a well-developed urban setting.
