Descriere

Like a swan that elegantly waves the water behind it, with warm, romantic interference of a modern architecture, Swan Residence is a very special property in many ways.

Its position is near Lake Tei, in effervescent Bucharest, but away from noise and urban bustle.

In total, the property measures an impressive area of 2600 sqm, and the house, completed in 2018, covers 1500 sqm built surface.

The fairytale atmosphere starts from the beautiful garden, arranged with great care, so that the view from each window of the 8 rooms is enchanting.

The lake "spreads" the garden on both sides, the tall trees shade and protect equally, and the art-nouveau columns add a hard-to-forget charm to the place.
