Description

BLISS Imobiliare presents to you a wonderful apartment, located in a building with a high architectural value, without seismic risk. The building was designed by the renowned architect Marcel Iancu and is located on Strada Paleologu, in the former Jewish quarter.

Located just 10 minutes walk from the Universitate metro station.

The street is drawn in the city plan by captain Mihail Pantea, in 1921. It started from Calea Moșilor, crossed Strada Mântuleasa, a route that is still maintained today.

Strada Paleologu remains, through the quality of the buildings, the charm of the people and the spaces with memorialistic value, such as the house once inhabited by the writer Panait Istrati, or the composer Hilda Jerea, a special ambient area of Bucharest.

The 3 bedroom apartment has a usable area of 113 sqm and is unfurnished. It consists of living room, 3 bedrooms, a bathroom, equipped kitchen and 2 balconies.

It benefits from air conditioning and a 13 sqm speaker on the semi-basement level.

In the area there are numerous shops, restaurants, cafes, educational and medical centers, bus and tram stations.
