Description

This 2-room apartment in the Noi-Chitila area of Bucharest offers a comfortable and practical living environment. With a usable area of approximately 53 square meters and an additional closed balcony, the total area is approximately 58 square meters. With its own central heating plant, tenants benefit from control over heating and hot water.

A major advantage of this apartment is the included 15 square meter speaker with a 220V electric car socket. This provides additional space for storage or other activities such as charging an electric car.

The Noi-Chitila area of Bucharest is known for its easy access to facilities such as shops, restaurants and public transport.
