Description

A spacious and bright one bedroom apartment with a warm, welcoming energy, ideal for a creative individual or a family looking for a place that can easily be turned into "home." Located on Pridvorului Street, in a quiet and green area of Sector 4, the apartment offers a pleasant balance between comfort, functionality, and quick access to the city.

Situated in one of Bucharest's the most sought after residential areas

The apartment is well laid out and features two generous rooms, a kitchen, a bathroom, as well as very practical storage spaces, including a spacious storage room. Natural light and the open feel of the space create a cozy, inviting atmosphere that can be easily personalized to suit your own style.

The apartment is equipped with air conditioning in both rooms, one of the units having been installed in 2025, ensuring thermal comfort throughout the year.

A major advantage is the 80-liter boiler, which supplies hot water to both the bathroom and the kitchen, meaning you will never run out of hot water. Its capacity is sufficient even for a family with children, offering reliability and independence from potential service interruptions.

The bedroom furniture is from IKEA, except for the wardrobe, which is older but recently painted, well maintained, and fully functional. Although the furniture is not brand new, the apartment has an excellent foundation and, with a bit of creativity, can easily become a cozy, bright space full of personality.

In terms of location, the apartment benefits from excellent access to public transportation:

- Piața Sudului Metro Station (Sun Plaza)
- Constantin Brâncoveanu Metro Station
- Mihai Bravu Metro Station

This provides quick access to two metro lines, and Tineretului Park is also nearby — perfect for relaxation, walks, and spending time outdoors.

A warm, balanced apartment with real potential, ready to be shaped to match your lifestyle and needs.
