### Description

Bright and spacious 2 bedroom apartment in the popular Dorobanti Beller Floreasca area of Bucharest. The Floreasca park is just 5 minutes walking away.

## Individual central heating and fully equipped kitchen

This apartment is situated on the second floor of a 4 floors building. The building has an elevator and parking in the underground.

The bright and spacious living room is connected to the semi open kitchen and the cozy balcony facing the one way street in front. The balcony easily suits a table with 4 chairs.

The kitchen is fully equipped.

The hallway connect the entrance door, the guest toilet (with the washing machine and individual central heating system) the two bedrooms of which one with an en suite bathroom, a hallway bathroom and a storage area.

The 2 bedrooms are situated at the back of the building and have access to a large balcony over the full width of the building.

Each room has an air conditioning unit and heating is by radiators.

This boutique building has 4 apartments with only one apartment per floor.

Dorobanti is where fine villas from the end of the 19th century stand side by side with more modernist constructions, often hastily built blocks dating from the communist period.

It remains a much sought-after area however, both by businesses and by those looking to live here.

The centre of the district is busy Piata Dorobanti, and Strada Radu Beller which leads off of it.

For a number of years Radu Beller was the place to be for Bucharest's smart set, and while both the Old Town and more recently Floreasca have stolen some of its thunder, you will still find some very trendy restaurants, bars and especially cafes in the area.
