Description

Verdi Park is a luxury residential project which was born from the desire to make a unique building in Romania that meets the highest requirements of quality.

2 Viessman central heating (one on gas and one on diesel), post processing power of 250 KVA, water tank 500 L, Daikin air conditioning installation with input of fresh air, ramp access to the heated garage are just some of the long list of benefits that are to enjoy future owners.

The project particularly impresses by the special interior design (Philippe Starck and Sieger Design sanitary equipment and accesories, Flos and Artemide lighting bodies, Rimadesio doors, Vimar switches and video intercoms), by the details and finishing carefully worked (Onyx, blue marble-macauba, white Carrara , travertine, kashmir white, nero absolute, Wenge floor.

The building is held on 5 levels (UG + GF+ 3L+ 4 and 5 withdrawn) and includes 11 apartments of which 4 are generously sized duplexes.

Dwellings have been designed to perfectly accommodate the needs of families, the spaces are generous, so that none of the 11 apartments measures less than 91.22 square meters.

Privacy is ensured mainly by the area where the building is located and then by the wide spaces of the rooms and terraces. To all that add high quality finishings, 14 parking spaces underground, 10 parking spaces in front of the building and docks for all apartments.

At the 5th floor you may find a Penthouse apartment having an incredible view over the lake and the park. The apartment is spacious and trendy furnished, offering a feast to the eyes. The penthouse has 3 rooms.
