Description

Unique penthouse apartment - duplex, comfortable and bright, with five bedrooms located in the Kiseleff area.

Apartment located in the Kiseleff area

With a usable area of 304 sqm and located on the 5th / Ug + Gf + 6 floor, the property has qualitative finishes, benefiting from large and bright rooms that are very well partitioned.

The Kiseleff neighborhood is a historical source of Bucharest, today, the most valuable area of the city. The name is given by Kiseleff Road, which crosses the park with the same name and Herastrau Park, being a connection between Victoriei Square and Presei Libere Square.

It is a bright area, full of green spaces, aspects that increase the poetic spirit of the specific architecture. The historic villas and buildings, built in the pre-war and inter-war period, reveal the bourgeois and cult air of the city, in terms of national values and recognition of origins. Among them we find the Museum of the Romanian Peasant, the Village Museum, as well as the Kiseleff and Elisabeta Palaces, but also the Izvorul Tamaduirii Church.

Although in terms of medical or educational units or commercial spaces, the neighborhood is not so rich, being centrally located, getting to the nearby neighborhoods, which have many services, is easy and fast.

The means of public transportation located in the perimeter are the subway (Piata Victoriei and Aviatorilor stations), but also tram 41 or a few other buses.
