Description

Modern and luxury furnished 2 bedroom apartment with parking space and storage room in a small boutique development from 2015 situated at the third floor and less than 10 minutes walking to Piata Universitate and the Old Center of Bucharest. This boutique residential building from 2015 (2 Basements + GF + 4) has only 13 apartments.

Located close to Piata Universitate and the Old Center of Bucharest

The building has an a-typical form - with several retracted floors and with the upper floors letting in as much light as possible. The street has a dead end which reduces the traffic.

The building has been made of the best quality materials which makes this one of the most exclusive developments in the Piata Universitate area.

This very nice apartment overlooks the street from terrace connected to the living room and the area of houses behind the building from the terrace of the bedrooms and the kitchen. The modern kitchen is fully equipped.

The block has a Schindler elevator that goes down to minus 2 (with the storage area). At minus 1 is the parking area. The access to the indoor parking is made by remote control.
