Description

This buildable land with a total surface area of 124,569 sqm is located in the village of Ceacu, Cuza Vodă commune, Călărași County, just 6 km from the center of Călărași city on the DN3 Bucharest – Călărași national road. Set in a quiet and scenic area, the property is perfectly suited for residential, commercial, or industrial developments thanks to its permissive urban planning regulations.

Strategic location on DN3 Bucharest – Călărași

The generous land is already subdivided into 158 urban plots as per the valid urban planning certificate, offering maximum flexibility for investors. It can be developed as a residential complex, single-family housing project, or a large-scale commercial development, depending on the chosen strategy.

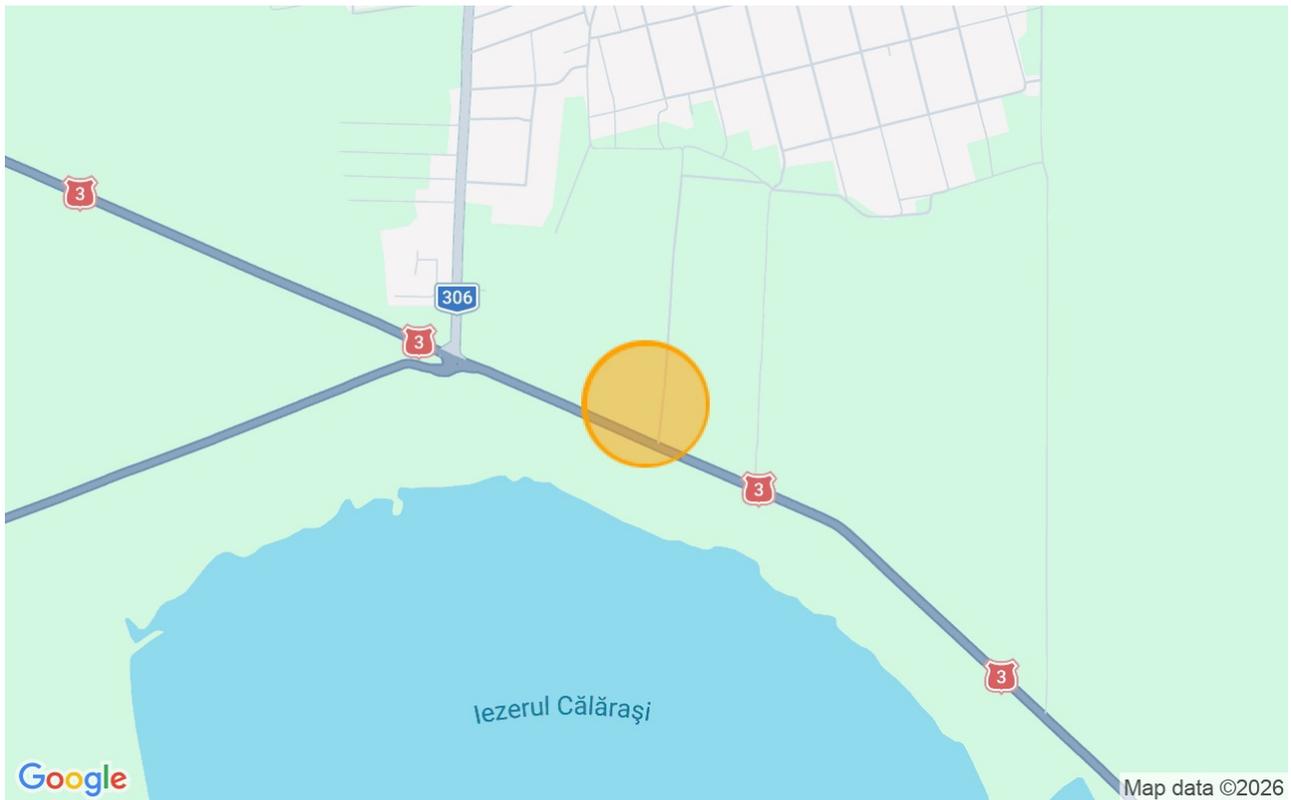

The land benefits from public utilities available nearby (water, sewage, electricity, gas), and the infrastructure layout is already mapped: streets, sidewalks, parking spaces, and green areas will be implemented by Cuza Vodă Town Hall. Documentation is complete: approved General Urban Plan (PUG), geological studies, topographic survey, and subdivision have all been finalized.

This property represents a unique investment opportunity in Călărași County, offering strategic positioning, easy access, and high development potential.
